

Independent Limited Assurance Report to the Directors of RSA Insurance Group plc

The Board of Directors of RSA Insurance Group plc (“RSA”) engaged us to provide limited assurance on the information described below and set out in RSA’s Corporate Responsibility (CR) Report 2019, 2019 Annual Report and Accounts and on the RSA website for the year ended 31 December 2019.

Our conclusion

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Selected Information for the year ended 31 December 2019 has not been prepared, in all material respects, in accordance with the Reporting Criteria.

This conclusion is to be read in the context of what we say in the remainder of our report.

Selected Information

The scope of our work was limited to assurance over the information marked with the symbol **A** in RSA’s Corporate Responsibility (CR) Report 2019, RSA’s 2019 Annual Report and Accounts and on the RSA website (the “Selected Information”).

The Selected Information and the Reporting Criteria against which it was assessed are summarised in the table below. We assessed the Selected Information using RSA Insurance Group plc’s Reporting Criteria as set out in the Resource section of the Corporate Responsibility webpageⁱ.

<https://www.rsagroup.com/responsibility/resources/>

Our assurance does not extend to information in respect of earlier periods or to any other information included in the RSA’s Corporate Responsibility (CR) Report 2019, RSA’s 2019 Annual Report and Accounts and on the RSA website

Selected Information	Reporting Criteria (weblink to the exact page where criteria can be found)
GHG Emissions Scope 1	https://www.rsagroup.com/responsibility/resources/
GHG Emissions Scope 2	https://www.rsagroup.com/responsibility/resources/
Business Travel Emissions	

Professional standards applied and level of assurance

We performed a limited assurance engagement in accordance with International Standard on Assurance Engagements 3000 (Revised) ‘Assurance Engagements other than Audits and Reviews of Historical Financial Information’ and, in respect of the greenhouse gas emissions, in accordance with International Standard on Assurance Engagements 3410 ‘Assurance engagements on greenhouse gas statements’, issued by the International Auditing and Assurance Standards Board. A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks.

Our Independence and Quality Control

We applied the Institute of Chartered Accountants in England and Wales (ICAEW) Code of Ethics, which includes independence and other requirements founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

We apply International Standard on Quality Control (UK) 1 and accordingly maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our work was carried out by an independent team with experience in sustainability reporting and assurance.

Understanding reporting and measurement methodologies

The Selected Information needs to be read and understood together with the Reporting Criteria, which RSA is solely responsible for selecting and applying. The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measurement techniques and can affect comparability between entities and over time. The Reporting Criteria used for the reporting of the Selected Information are as at 31 December 2019.

Work done

We are required to plan and perform our work in order to consider the risk of material misstatement of the Selected Information. In doing so, we:

- made enquiries of RSA’s management, including the Corporate Responsibility (CR) team and those with responsibility for CR management and group CR reporting;
- evaluated the design of the key structures, systems, processes and controls for managing, recording and reporting the Selected Information. This included analysing sites, selected on the basis of their inherent risk and materiality to the group, to understand the key processes and controls for reporting site performance data to the group CR team;
- performed limited substantive testing on a selective basis of the Selected Information at corporate head office and in relation to 35 sites to check that data had been appropriately measured, recorded, collated and reported; and
- considered the disclosure and presentation of the Selected Information.

RSA’s responsibilities

As explained at the beginning of the reporting criteria, The Directors of RSA are responsible for:

- designing, implementing and maintaining internal controls over information relevant to the preparation of the Selected Information that is free from material misstatement, whether due to fraud or error;
- establishing objective Reporting Criteria for preparing the Selected Information;
- measuring and reporting the Selected Information based on the Reporting Criteria; and
- the content of RSA’s Corporate Responsibility (CR) Report 2019, RSA’s 2019 Annual Report and Accounts and on the RSA website.

Our responsibilities

We are responsible for:

- planning and performing the engagement to obtain limited assurance about whether the Selected Information is free from material misstatement, whether due to fraud or error;
- forming an independent conclusion, based on the procedures we have performed and the evidence we have obtained; and
- reporting our conclusion to the Directors of RSA.

This report, including our conclusions, has been prepared solely for the Board of Directors of RSA in accordance with the agreement between us, to assist the Directors in reporting RSA's corporate responsibility performance and activities. We permit this report to be disclosed on the RSA website for the year ended 31 December 2019, to assist the Directors in responding to their governance

ⁱThe maintenance and integrity of RSA's website is the responsibility of the Directors; the work carried out by us does not involve consideration of these matters and, accordingly, we

accept no responsibility for any changes that may have occurred to the reported Selected Information or Reporting Criteria when presented on RSA's website.

responsibilities by obtaining an independent assurance report in connection with the Selected Information. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Board of Directors and RSA for our work or this report except where terms are expressly agreed between us in writing.
